Joerger Closing Land Next Year Against Hunters

Stock Losses, Damage to Range Are Reasons For Closure

J. E. Joerger, who owns and controls more than 10,000 acres of land bordering the south side of the Truckee River from here to near the San Francisco Fly-casters Club and extending south to the head of Martis Creek, this week said that during the next deer hunting season he will close his entire acreage to hunters.

The announcement was made reluctantly. Joerger said that he did not like to take this action but that in self defense he found it would be necessary.

"There are a lot of good clean sportsmen who are going to be shut out because of the unsportsmanlike attitude of a few," Joerger said. "I hate to close the land but have stood all I can from some of those people who observe no laws or rules except those they make."

The stockman said that during the first two weeks of the current season, he lost at least three cows that were shot and a fourth was stolen. One of the three died of starvation after her jaw had been shattered by a high-powered bullet. One was shot through the heart and the third in the hip joint, Joerger said.

Scores of campers have left their debris scattered, camp fires burning and have fired repeatedly into herds of cattle as well as over and around the Joerger home, the rancher declared. He said in one camp alone he found 17 empty whiskey bottles, indicating many of the hunters were probably unable to handle guns because of intoxication.

Joerger said that he and his men have warned a number of hunters to discontinue driving through his pastures and fields but many of the hunters are insulting in their replies and deliberately refuse to abide by repeated requests. Next year the land will be thoroughly posted and deputies employed to enforce the ruling, the owner said.

Violator Draws Long Jail Term For Killing Doe

East Bay Man Begins 180 Days In Lieu Of $500 Fine

TAHOE CITY— The next time Daniel R. Laighton, 23, Oakland, goes buck hunting he will most likely make certain the animal has horns. It is costing him 180 days in jail in lieu of a $500 fine for shooting a doe between Tahoe City and Truckee last Friday.

Laighton appeared before Justice of the Peace C. W. Vernon of Tahoe City October 1, charged with shooting and possession of a doe, not having a license or deer tags and using illegal ammunition. The arrest was made by Warden Gilbert Berg, with the cooperation of U. S. forest service officers. Beside the sentence, a 30 calibre army carbine and the steel jacketed ammunition were confiscated.

They were designed and prepared under the direction of William Porter, past president of the chamber, and are a credit to the district.

Local business people desiring folders for distribution may obtain them through the chamber of commerce, although most of them will be dispatched to distant points to bring attention to the many advantages of Truckee and vicinity.

Truckee Given P.-N. Franchise For Next Year

Paying Players Are Out For 1950 Season Board Rules

Truckee was voted a full franchise in the Placer-Nevada Baseball League after one year's probation at a meeting of the board of directors in Auburn Tuesday night.

The directors accepted the withdrawal of the Roseville Athletic Club and voted the Wolf and Royer franchise to the Roseville Merchants Association which has 40 business houses pledging $50 each, according to Dr. R. C. Lieser, new director from Roseville.

A tenth team may be taken in on a year's probation. In case a tenth team is not admitted, the league will operate as a nine-team loop with a bye each Sunday. There will not be two teams from any one town in league again as was the case at Roseville in 1949.

Salaried players were cut out of the league when the directors voted a ban on outside players for the 1950 season. In the 1949 season each club was allowed to have four outside players on the roster.

Dick Noyes, Lincoln third baseman, was awarded the Sacramento Solon's outstanding player trophy. The Ray Weller cup was presented the Wolf and Royer pennant winners for capturing two pennants.

Supervisors to Publish Minutes of Meetings

A stormy discussion over a recent ruling by Attorney General Fred Howser that the proceedings of the board of supervisors be published each month instead of posting in three places as has been the practice in Nevada County ended Monday when it was agreed to publish the legal notice each month in a newspaper selected during the meeting.

A dispute between the board and the Nevada City Nugget publisher caused some pointed remarks and Supervisor H. G. Loehr's motion that the publication be alternated in the three county papers failed to get a second. This month's proceedings will be published in the Grass Valley Union.

Borneman stated the fine for illegal possession of deer meat usually runs from $250 to $500 and he urges all who plan to place their meat in cold storage or pressure cook it to secure the government stamp which makes possession legal until the next season.

Borneman asks all who plan to keep meat after the close of the season to send him a card to Truckee or call him on the telephone and advise him where he can find the meat to be stamped.

Sun Beams

by Walter M. Barrett

This week the Truckee Chamber of Commerce started distribution of 5000 descriptive folders outlining the many advantages of the region. The attractive, two color folders were well designed and the chamber is deserving of a lot of credit in providing them. They were not printed without expense but the directors felt that through wide distribution which will be given that the community will be greatly benefited. This is only one of the many services being carried out by the local chamber and the organization is well worthy of far more support than it has been receiving. Contact the secretary or any member of the board of directors and show them you are behind them in their good work by becoming a member.

The current drive for funds for the fight against infantile paralysis has not been successful in Truckee. Probably most people fail to realize the importance of the issue or more likely they have just neglected to make out checks and mail them in. In any event, it is still not too late and the fund is vitally needed, more so now than ever before.

Car, Sporting Gear Stolen from Truckee

Joseph Purcell, employed at the Truckee quarantine station, reported to the highway patrol that a thief last Thursday morning stole his car, a 1946 Hudson sedan. The loss of the car was enough, Purcell said, but what made the matter a lot worse was the fact that the vehicle contained more than $300 worth of hunting and fishing equipment which he had left in the machine.

Patrolman William Gautsche, who made the investigation, said he believed the car went into Nevada and the FBI has been asked to assist in the search.

The same night one of the houses owned by Slim Hintz near the Chinchilla Farm was entered and robbed, Constable N. F. Dolley was told.

Three young Alameda men, Lester E. Sanford, 20, Robert E. Ryan, 19, and Richard C. Hawkins, 17, were apprehended just east of Truckee yesterday morning by State Patrolman William Gautsche and Constable N. F. Dolley and booked en route to Auburn and Alameda on two charges.

The men were accused of stealing a car belonging to Paul L. Wallace of Alameda. At a point near Auburn they picked up a hitchhiker and are alleged to have beaten and robbed him near that city, later putting him out of the car and continuing east. The local officers responded to a call from the Auburn police and apprehended the trio as they sped through Truckee.

Yesterday the three were returned to Auburn by sheriff's deputies.

Sanitary Board Asks Return Of Garbage Service

Utility Board Announces 10 Per Cent Slash In Rates

After the first of the year, the garbage disposal work here will again revert to the Truckee Sanitary District.

The board met last week and notified the Truckee Public Utility District, which took over the garbage collection more than a year ago as a public necessity, that they wished it returned. Under an agreement between the two boards entered into at the time of the transfer of service, the sanitary district can take the service back through a six-months request. The request was for immediate return, but in order to complete projects previously started, the utility board decided to continue the service for three months.

Fred Morris, secretary of the sanitary board, said it was necessary to have the garbage collection back to provide revenue for the district. The tax limitation is so low, he said, that unless the revenue can be depended upon from garbage collection bills, it will be necessary to float a bond issue to meet rigid requirements set forth by the state department of health.

The annual revenue from the collection of garbage is not expected to carry the full burden, he said, but it will go a long way in maintaining and improving sewer systems and the disposal plant. The present collector, Paul Rausch is expected to continue the work which has been very satisfactory under the utility management.

In the meantime the utility board, headed by E. L. Loynd, announced another cut in the cost of garbage removal. Effective the first of this month a 10 per cent slash was made, making the service to the average householder now $1.35 per month instead of $1.50.

Morris said that the sanitary board will make every effort to maintain the same service which has been had during the past year and that methods for collecting in advance will also be studied and continued.

LOCAL FRIENDS AT MARRIAGE RITES OF ARTHUR LEITCH

Saturday afternoon at a ceremony in Hood, Calif., Ardath Jeanette Hage became the bride of Arthur Phelps Leitch of Truckee. Rev. Robert S. Romels of St. John's Lutheran Church performed the ceremony at 4 o'clock in the home of the bride's uncle and aunt, Mr. and Mrs. Edgar M. Simpson.

For the nuptials the former Miss Hage was attired in a floor length gown of white lace and tulle over taffeta. Her headpiece was a crown of waxed orange blossoms worn by Simpson's mother, the late Mrs. A. M. Simpson, at her wedding in 1875, and her bouquet was an arrangement of white orchids and carnations. The bride was given in marriage by her uncle.

Mrs. Horace Hage of Redding was her sister-in-law's only attendant. To complement her gown of orchid tulle and satin, she carried a bouquet of yellow carnations.

Col. K. H. Leitch of Sacramento was his brother's best man.

A reception in the Simpson home followed the ceremony and from there the newlyweds departed for a two weeks' honeymoon in southern California. Upon their return they will make their home in Truckee, where Leitch is manager of the Pacific Telephone and Telegraph Company.

For traveling the bride chose a yellow and brown tweed suit and brown accessories.

Mrs. Leitch is the daughter of the late Mr. and Mrs. R. T. Hage of North Dakota. She graduated from North Dakota schools, attended Sacramento Junior College and was graduated from the Mercy College of Nursing. She has been making her home with the Simpsons.

The bridegroom is the son of Mrs. Harriett Leitch of North Sacramento and the late Colwell P. Leitch. He attended schools in Sacramento.

Attending the wedding from Lake Tahoe and Truckee were Richard Joseph and Mrs. Jasper Archie, and Messrs. and Mesdames Richard Lavery, N. R. Mayfield, Ray Scott, William Englehart Sr., T. T. Buell, Walter Barrett, W. C. Gage, Harold Langille, R. N. Little and V. C. Shattuck. The latter five couples also attended the St. Mary's vs. Nevada football game in Kezar Stadium in San Francisco on Sunday.

T. E. Ricketts has moved from Hobart Mills to Placerville.

Tahoe Letter

FROM SWANEE

Tahoe City, Oct. 3

Dear Tahoeites:

Paramount Pictures moved into Chambers' Lodge on Sunday night with 142 persons reported in the first group arriving and many more anticipated before the present week is past. I have heard but have not been able as yet to confirm that leading parts will be taken by Montgomery Clift and Elizabeth Taylor and the scenes being taken here are for the filming of The American Tragedy. Already hired for parts in the picture are Kjell Rustad and his Bear sailing boat the Polaris and three other Bears of Lake Tahoe — the Gladmill belonging to Phil Hullin of Sacramento, Electra, property of G. Poundstone of Colusa and the Mercury of H. D. Nolte of Auburn. Members of the sailing boat crews will include Kathleen Starratt, Markey King, Myra Lee Pollitt, Bill Bechdolt, Oliver and Charles Henrikson and Bud Ross. Dick Healey will serve as both sailor and lifeguard. A number of shots have been taken at Echo Lake and in various other mountain locales and shooting should begin around October 8th at the Ralph Walker home in the Sunnyside district.

Another sturdy little citizen has been added to Tahoe City's fast-growing population. She is 8 pound 9 ounce Sandra Lynn Martin, daughter of the Al Martins, who arrived at a Carson City hospital on September 28. The little lady and her mother were returned home on Sunday, both reported progressing nicely.

Arriving on September 28 were nine fine puppies, offspring of Lahassa, registered German shepherd belonging to Mr. and Mrs. Jack Petric of Tahoe Pines. The Petrics will be agents for the telephone company at Tahoe City this winter and will take over around the middle of October. They have been joined for the coming season by Mr. and Mrs. Elmore Humberg of San Jose and their daughter Sandra, the latter now attending the Tahoe Lake School. Mrs. Humberg will assist on the switchboard this winter.

Squaw Valley construction is coming along right on time and all will be ready for the official opening on Novembrr 23. Alexander Cushing plans to move his headquarters to the Alpine Village at the valley around October 13. Workmen this week are beginning to take the cable for the lift up the mountain side and from here on the project should be rushed to completion.

Met one of Tahoe's newer residents on Thursday last at the Tri-County Women's Clubs meeting at Homewood Resort. She is Mrs. Benson J. Benjamin who, with her husband, now owns and operates Lakeside Cabins across from the Catholic chapel on Highway 89. The Benjamins also own another resort near Calistoga. Most of the summer they were at Tahoe with their children Michael, Bruce, Donald and Robin, the three boys attending Tahoe Lake School.

Thanks to the civic interest of Mrs. Glenn Jackson, our town's well stocked public free library will remain in operation. Miss Florence Vernon, who has been in charge for several years, resigned recently but for some time it looked as though no one could be found to take her place as librarian. Mrs. Jackson took up her duties on Monday. Library hours are from 1 to 4 p.m. Mondays, Wednesdays and Fridays. The plan which was being considered to move the library from the community home to the old Wehrman home across the street has been abandoned for the present.

Will ring off for the week with a reminder that now is the time to get out and get that bear rug —the season's open. Best wishes to all, as ever Swanee

HOMEWOOD— Highly successful was the annual convention of the Tri-County Federation of Women's Clubs held at Homewood Resort on September 29. The morning session opened with Mrs. Byron E. Brock of Nevada City, Tri-County president, presiding. At the president's table also were Mrs. E. Moulton Swanson, 2nd vice president of the northern district, and Mrs. Beatrice Butcher, Tri-County secretary.

Mrs. Jeannette Mitchell, president of the hostess club, the Women's Club of Tahoe, welcomed the delegation. This included Mrs. Jay T. Cooper of San Francisco, state federation president, and Mrs. E. K. Lange of Colusa, northern district president, both delivering interesting talks during the afternoon session.

The morning session was taken up with reports of the committee chairmen, reading the minutes of previous meetings and a report by Mrs. Marguerite Webb.

Mrs. Brock, in her remarks, said that every woman has something to offer her club and it is up to the presidents to bring out the best in each club member.

Mrs. Bess Logerwell of Loomis led in community singing, assisted by Mrs. Laura Wilson of the Tahoe club, piano accompanist. Mrs. Wilson also offered three piano solos which were highly complimented by the assemblage.

Beautiful gardenia corsages were given the 89 women attending and orchids were presented to Mesdames Cooper, Lange and Brock.

Luncheon was served in the resort dining room, the tables artistically decorated with great bowls of bright colored flowers.

Mrs. Lange, during her afternoon talk, lauded the work of financing the state federation's project this year, Hostess House at Yountville Veterans Hospital, for which $33,000 of the required $60,000 has already been raised by member clubs. She also praisthe nurses' training program which all the clubs are support-

Mrs. Cooper termed the meeting one of the most inspiring she had ever attended. She went on to say that the training of today's children offers the greatest challenge in many generations. She urged they be taught respect for their elders, for law and order in general and be given spiritual instruction.

Clubs represented included those of Tahoe, Lincoln, Nevada City, Placerville, Roseville, Truckee, Loomis, and Cool.

A vote of thanks was given for the arrangements made by the hostess club.

Simmonds Retires

TAHOE CITY— Mr. and Mrs. W. A. Simmonds of Tahoe City this week are moving into their new home in Bittencourt Tract upon completion of 22 years service by Simmonds as gate tender here for the Truckee-Carson Irrigation District and as observer for the U. S. weather bureau. He retired October 1 at the age of 85.

Simmonds had been with the irrigation district for 45 years, having served as water master at Fallon before coming to Tahoe on February 27, 1927.

The keeping of records at the lake started in 1900 and in the time Simmonds served, he found the following interesting data. The highest lake level occurred in 1938 when 6229 feet was reached. The lowest reading was in 1934-35 when the water dropped to 6222 feet. Highest water level ever recorded was in 1907 when the level reached 6231.

The most severe winter remembered by the Simmonds was the winter of 1931-32 when the snow reached a 15-foot depth on the level. Every morning Simmonds made his way half a mile to the end of the long pier where the gauges for reading the lake level are situated. During the winter months his wife always accompanied him. During the spring of 1932 it took the Simmonds hours to dig their way to the end of the pier in weather that reached 13 below zero.

One of the coldest spells remembered by the Simmonds was in January of this year when the bitterly cold wind blew for six straight days and the temperature went down to six below zero and the pipes in their home froze in spite of fire kept constantly going. Ice formed for a distance of 10 to 15 feet along the shre of the lake.

Simmonds took his weather readings from instruments in his yard. A two-foot tube caught the snowfall and was taken into the house to be melted and measured. Rain falls into another tube for precipittaion reading and a thermometer holds the high and low temperatures until read and reset daily.

Regulation of the cubic second feet discharged from the Tahoe dam is determined by the watermaster in Carson, who in turn gives orders to the gauge reader at Floriston. It was from the latter that Simmonds received daily instructions as to how many feet were to be released from the dam.

This week the Simmonds are moving into the William Bosens' former home where they are having considerable enlarging and refinishing done, Contractor Martin Spitsen completing the work.

On October 1 Arthur Frodenberg assumed the duties formerly discharged by Simmonds. Frodenberg is the son of Mrs. Simmonds and brings to Tahoe with him his wife and daughter, Linda Lou. They are former residents of Idaho. A son, Austin E. Frodenberg, remains in Idaho where he is employed.

Brockway Rotary To Push Civic Projects

KINGS BEACH— The Rotary Club of Brockway, meeting at the Gables Monday night, held a forum discussion on proposed projects which the club might sponsor or assist in developing. It was voted to sponsor a youth center for Kings Beach and to make and place street signs from the west boundary of Tahoe Vista to the state line.

On the youth center committee President Tom Lucas named Tom Sutton, Marion Dodd, Richard Lavery and H. E. Brooks. On the street signs committee are Ed Starr, Bill Randall, Bud Mandeville and Sam Faulkner.

The King Building, on the lake side of the highway had been previously donated by the leasees for the youth center and the Rotary Club will finance the incidental expenses.

Ray Green of Guerneville and Mulford Miles of the Tahoe City club were guests at the meeting.

Lodi Woman Visiting Scenes of Childhood

Mrs. Katherine Sheridan of Lodi, with her son and daughter-in-law, Mr. and Mrs. Woodrow Sheridan and their daughter Sharon of Comanche, Calif., were here today looking up friends and acquaintances of past years.

Mrs. Sheridan is the former Katherine Kern, who was born at Boca, coming to Truckee when she was five years of age to make her home with her uncle and aunt, the late Judge and Mrs. Charles Long. Long was a constable here for a number of years and was prominent in the Knights of Pythian lodge. The visitor from Lodi graduated from the Truckee grammar and high schools and was later employed by the Rossarini Dry Goods Store, during which time she made many friends in this vicinity.

In attempting to locate buildings after an absence of 35 years, Mrs. Sheridan was surprised at the changes and progress which has taken place.
